Upcoming YPPDO Event

Thursday, March 9 2017
3:30pm
Wright Lab, WL 210

Wine and Cheese Discussion

Join the YPPDO for a discussion on the needs and wants of our department’s professional development resources. We will give a brief introduction on the YPPDO, its mission, and plans. But most importantly, we want to hear your questions and suggestions! Which careers are you interested in? What skills would you like to practice during our workshops? Have you used the resources available at Yale? What do you think should be improved? Bring your questions, suggestions and feedback. Wine, cheese and non-alcoholic drinks will be provided. You must be 21+ to attend the event. Graduate students and postdocs only.

Host: Yale Physics Professional Development Organization (YPPDO)

RSVP: estella.desouza@yale.edu or danielle.norcini@yale.edu.
